HUMBLE BEGINNINGS

Outdoor Recreation Company of America (ORCA) is a Tennessee based company whose roots sprouted from an idea to build a product in America that could withstand the rigors of outdoor use.

ORCA's first creation, and what has continued to be its most notable product, is a line of extremely durable, roto-molded coolers that are American made and backed with a lifetime guarantee. Over time, ORCA has reinforced its position in the outdoor world by adding an exciting line of stainless steel drinkware, accessories and apparel.

ORCA is constantly striving to add new products that its customer base can rely on to keep them cool. By taking its standard products and adding colorful customization, officially licensed logos and one of a kind artwork, ORCA has created a brand that stands out from the rest of the pack. Whether you're at the beach, in the mountains, or at the tailgate, ORCA products are here to make every moment cool.

COOLERS BUILT FOR A LIFETIME OF COOL

ORCA coolers make every moment cool. From a weekend fishing with friends to a roadtrip with the family, ORCA coolers keep your food and beverages fresh, so you can focus on enjoying every second of life's adventures.

ORCA is a company founded by outdoorsmen, and they made the toughest coolers on the market. They personally put them to the test. ORCA coolers can handle whatever you can throw at them which is why they are certified bear proof and backed with a lifetime warranty.

In addition to their durability, our coolers lead in temperature control. ORCA's roto-molded process and integrated insulation means maximum ice/cold retention for up to 200 hours of cool.

It's not just how they are built, but where they are built that's important. Every single hard-sided cooler is built in the United States of America.

We're proud of our coolers and you will be too. We like to think of them as treasures; coolers that will last forever and be used by every friend and family member for generations to come.

WHAT DOES BEAR PROOF REALLY MEAN?

There's a lot of coolers out there, but are they tough enough to stand up to a grizzly bear? Ours are.

Every size ORCA cooler has been put to the test by the Interagency Grizzly Bear Committee (IGBC) and deemed "bear-resistant". When visiting National Forests with grizzly bear habitats it is sometimes required to have this certification to meet food storage regulations. For your cooler to be considered bear-resistant it must be padlocked (this goes for any cooler that has been tested). We don't just say our coolers can handle anything you can put them through, we let a grizzly bear play with them to prove it.

ORCA Coolers - Outdoor Recreation Company of America COOLERS REQUIRE USE OF BOLTS OR PADLOCKS TO BE BEAR-RESISTANT

ORCA 20 QT Cooler, Model ORC020: IGBC Certification No. 5087 (approved 8/24/16)
ORCA 26 QT Cooler, Model ORCW026: IGBC Certification No. 5089 (approved 9/12/16)

A person wearing a green quilted jacket is partially visible on the left side of the image. Below them, a rainbow flag is draped on a snowy surface. The background is a soft, out-of-focus white snow.

HERE'S TO DRINKS THAT STAY COLD... OR HOT.

Tired of having watered down drinks or running out of ice? With ORCA's line of drinkware the ice stays frozen for so long you'll need a refill before you ever run out of ice.

ORCA products keep drinks hot too. There's nothing like reaching for your coffee on a cold winter morning to find it's still piping hot.

Not all stainless steel products are the same. Our double walled, copper clad and vacuum sealed products are made of 18/8 high quality stainless steel to provide the best possible cold and heat retention. Our drinkware lids are spill resistant, making each piece perfect for on-the-go use.

From patriotic pieces to bright florals, ORCA has taken the stainless drinkware market and flipped it on its head. Whether you are at the office or laying on the beach, ORCA drinkware allows you to show off your personal style while keeping you cool all day long.

ORCA STAINLESS STEEL DRINKWARE

ORCA 27oz CHASER

Where it all began. The ORCA Chaser is our first stainless steel product, and one that has been customized to create many additional product lines. Holding 27 ounces, the Chaser is the perfect serving size for taking your favorite beverage on the go.

INTERNAL CAPACITY:

27 Ounces/798 ml

DIMENSIONS: 3.875" x 7.375"

27 OZ. CHASER ORCCHA27

ORCA HYDRA STAINLESS

Hydration is key for any great adventure. Whether you're working out at the gym, hiking in the woods, biking through the hills, or catching some waves, the all new ORCA Hydra is sure to quench your thirst all day long.

Available in 22 oz., 34 oz., and 66 oz. options the all new Hydra line will help you achieve whatever goals you set.

66 OZ. HYDRA ORCHYD66SS/BK/BK

34 OZ. HYDRA ORCHYD34SS/BK/BK

22 OZ. HYDRA ORCHYD22SS/BK/BK

ORCA CHASER CAFE

Keeping your coffee hot long enough to enjoy every last drop is almost impossible in today's busy world, but not anymore. Say hello to the ORCA Café, our 20 ounce stainless steel beverage holder with a convenient built-in handle. With our signature whale tail flip top lid, the ORCA Café is ready to be put in your cup holder and go wherever life takes you. .

INTERNAL CAPACITY:

20 Ounces/591 ml

DIMENSIONS:

4.125" x 5.75"

20 OZ. CAFE ORCCHACAF

ORCA CHASERTINI

Now your last sip of shaken icy goodness will be as chilled as the first. The Chasertini comes with our signature ORCA whale tail flip top lid for easier portability. Great for a casual happy hour, an elegant soirée, and everywhere in between. Cocktails anyone?

INTERNAL CAPACITY:

8 Ounces/237 ml

DIMENSIONS: 5.25" x 6.75"

8 OZ. CHASERTINI ORCCHATINI

ORCA VINO

The all new ORCA Vino is a wine lovers dream. Fully customizable and offered in a variety of colors, these make for a great companion anywhere from an outdoor concert to a cocktail party

INTERNAL CAPACITY:

12 Ounces/354 ml

DIMENSIONS: 3.17" x 4.75"

VINO VIN12SS

ORCA 16oz CHASER

The little brother to our original ORCA Chaser, this smaller (but still just as durable) version is the perfect option for your morning cup of coffee, or cocktail hour with friends.

INTERNAL CAPACITY:

THE HERO LINE

Honor those who serve us each day with a 20 quart cooler, 40 quart cooler or Chaser from the Hero Line. The thin blue line represents the bravery of the police in our communities who risk their lives every day to protect ours. The thin red line represents the bravery of the firefighters in our communities who place their lives second to protect ours. EMS personnel are many times the first on scene and work tirelessly to help those in need. ORCA created these American made first responder inspired coolers and drinkware as a thank you. Whether you are member of the police force, have lost someone in the line of duty, or are a proud supporter of those who protect us, these ORCA products allow you to show your pride in those who serve.

ORCA CARES

ORCA is fortunate to have the ability as a company to give back to those in need.

When historic flooding ravaged Texas after hurricane Harvey, ORCA was there to help. When wildfires hit ORCA's neighbors in the Gatlinburg area, ORCA sent supplies.

Whether it is product that's needed in the field, product that is given to help raise money in charitable auctions, or products that are customized and sold with proceeds going to those in need, ORCA tries to help whenever it can.

From non-profits, to conservation groups, to breast cancer research, to veterans groups, to first responders, ORCA strives to make a difference.
